Emily also likes to travel and loves to take long walks on the beach. Emily is a very beautiful Chinese girl who has way more than 200k followers on Instagram. Emily has been in the business of social media marketing since 2012 and believes passionately that social media isn't a way of making your business money but a tool you can use to build the business you want. Emily got her start by doing freelance work for brands on Facebook and, then after some time, she decided to venture off on her own. Emily explains her background: "I was originally planning on focusing on the "very niched niche I wanted (think fashion), but, as people started saying I was getting a lot of work, it encouraged me to focus on the one niche I really had talent in (fashion bloggers). I have been consistently making a salary and growing my business over the years I have been active on the internet; I just think I'm very good at what I do." Now, Emily is very active on Facebook and other platforms. "I have also been doing some freelance work for other clients. If you have a business or brand- whether big or small- and you could use my help, I'm sure I can help." Emily has good experience in different industries. She is very familiar with social media marketing as social media is what she did her first job; however, she does know how to apply her self in different niches that is not related to social media. "I've worked at Ito En which is a Japanese restaurant, there's also Legolas Natural Market which is an Amazon affiliate so I've also worked for Amazon but a lot of companies." Emily's journey started in July 2013 when she signed up on Twitter and that was the beginning to her career. She had only 5k followers at the time but she takes pride in the fact that before
