After changing the data in the battle, I rushed forward. I stood in the middle.

All of a sudden, I felt different. It is natural to think that it's because the shared avatar I had been using until then had been destroyed. All of a sudden, I was able to have the ability to copy and execute various attacks on my own.

During the time when I used to use the Dummied-Out method, I was always limited to instinctive actions based on experience and age. However, now, I feel such a shortcoming

Compiling a list of bullet points about *Elder Scrolls: Online* will make me look stupid, don't you think?

Either way, in the desperate hope that I'm not just making a fool of myself, I'm compiling a list of bullet points about this MMORPG from ZeniMax Online Studios that's rapidly approaching launch. While the official Reveal event takes place at 1PM EST on May 23, I'll be live blogging it from 1PM to 2PM ET on the same date. You're going to love it, I promise.
