Can you please tell me what should I need to correct this error? procedure TForm1.Button1Click(Sender: TObject); var : tFile,FileReader: TextFileReader; begin tFile := TFile.Create(""); FileReader := TextFileReader.Create(tFile); FileReader.LoadFromFile('F:\Test.txt',rcvTextLine); A: I can't comment yet, so posting an answer as requested. Your first line should be: //tFile := TFile.Create(""); Bills Beat Blog By Joe Buscaglia Bills Sign LB Albert McClellan The Bills have signed former New York Jets linebacker Albert McClellan, per NFL Network's Ian Rapoport. Newcomers often deal with positional competition, but McClellan's position is not yet known, as he wasn't listed on the club's official roster. McClellan, a fifth-round pick of the Patriots in the 2014 NFL Draft, played linebacker for the Jets and was a reserve in New York. He is a redshirt sophomore at Michigan State. The Bills lost several linebackers in free agency, so this signing is not exactly a surprising one. Stevie Luai played enough linebacker last season to be on the roster. Aaron Curry is the biggest threat to McClellan's role. T.J. Watt, Jonathan Williams and Brandon Spikes are all experienced veterans who will compete for playing time. McClellan was a fifth-round pick in 2014. The Buffalo News tabbed McClellan as one of the top undrafted free agent linebackers. The news is similar to the acquisition of wide receiver Chris Hogan in free agency, as he began his career with the Bills last season. McClellan, like Hogan, will compete at a new position.
