Utawarerumono: Mask of Deception, developed by Nitroplus, is set in a world where the human race is enslaved by a mysterious group of powerful beings called the Orphans. Tamaki Kousaka, a former soldier who was recruited into this group, is the only thing holding the world together as he tries to fulfill his destiny. With peace now reigning over the world, a new era of prosperity and enlightenment is just around the corner - for now, at least! The Orphans have turned the world's people into bioroids through the use of drug-like cybernetic implants, and now the group is planning to unleash a new breed of creatures upon the world by merging with them. With only a year left before the world is taken over, the fate of the human race rests on the shoulders of Tamaki Kousaka. Key Features 1. A Multiverse Game - Utawarerumono: Mask of Deception is a unified game world where multiple storylines are played, all intertwining with each other. 2. Settle down and make your life easy - Tamaki Kousaka has now been selected as the heir to the Orphan leadership. From there, he works to perfect his place in the organization with a focus on settling down and living a peaceful life. However, life isn't always easy for him, as he must also keep his fight with the Orphan leadership hidden from his new allies and the people in his new village. 3. Experiments and social mingling -

With the world entering a brand-new age of peace, the Orphans are taking the opportunity to enjoy this newfound prosperity and have formed a closer bond with the human race. 4. The adventure of a lifetime - Orphans can be customized and upgraded just like in a JRPG, making them more powerful and flexible. 5. Beyond the cyborg - Orphans can use skills like the "human vision" and "human heart" to consume or share feelings with the humanoid bioroids within their group. A kick-ass original title that will both entertain and captivate gamers alike! Utawarerumono: Mask of Deception will be available for the PS Vita for \$29.99. Utawarerumono: Mask of Deception sold 5,000 copies. On the other hand, the Wii U version was sell-through for 30%.The PS Vita version debuted at #c9d1549cdd

Fukagawa City was a land where the supernatural is alive and well. Witches and spirits exist and exist freely in the city that bears the name "Witch City," and the real-time battle system that thrives in the city is always a lot of fun!With the help of a mysterious, powerful Witch who summoned you, you're going to enter the battlefield in the form of Kasumi! Characteristic of a Witch: Kasumi looks like a really cool witch! Her black hair and garish red-orange hair reflect the red glowing power of the Witch. Attire: Every Witch costume has their own unique outfit, so select your costume carefully! The outfit used by Kasumi is crafted from satin fabric. Kasumi's costume features a dramatic design that accentuates her bust. Kasumi's costume also reveals a sense of elegance, so be sure to select a costume that accentuates your features! Weapon: Every Witch costume has its own unique weapon, but Kasumi's weapon is a steel whip. Kasumi's whip can cut through enemies in a single swipe, so it's a much-needed weapon on the battlefield! Health: There are no weak points in the witch costumes, so Kasumi's health doesn't decrease or anything. Even so, if you get your Witch costume wet in battle, your costume's life will be reduced by 20%. You can regain 20% of your health by standing still in the world map for three minutes or if you get hit by an enemy! Defending the Real-Time Battle System When battling as Kasumi, you'll see a dramatic, sexy, and extravagant scene as you take down the enemies with a large array of weapons and equipment! In the real-time battle system, your Witch costume is your key weapon. Attack and use various weapons, and then use the combat skills of your costume to decimate the enemies. Finally, the types of enemies will differ. Be sure to enjoy the different cast of enemies as you deal and take down enemies with different armor and weapons! Cover Attack and Chain Skills! Carry out a powerful attack using just Kasumi's weapon! While you're busy with the enemy, you can use the key battle skills of your costume, such as "Ground Quake,"

Like some of its predecessors, 1942 is a World War II aerial combat air game with a lovingly captured sense of period detail. Unlike its predecessor, 1942 makes some changes to its combat system, so players might expect an experience quite different from what they experienced with 1942. The gameplay mechanics are unchanged -- 1942 lets you design and fly a dedicated bomber and strike a base, and then you get a dogfight and once you lose you're done for.
