The procedures on this page are based on information obtained from AliExpress. I purchased these HTC Lumina Novo Touch Limited Edition for my college project to track touch, swipe, scroll data and I can say pretty well if you are using this smartphone, you will be able to track touch, swipe, scroll data, battery and power consumption. This is what I say I am unable to explain in detail in here so I describe it in my very own words, scroll through to the video to explain it more in details. Just watch the video and learn how to this HTC, After installing firmware of HTC, it shows Tablet just in 5 seconds of boot, then it comes to desk top and you can scroll through tablet mode and can see touch, swipe, scroll data, battery and power consumption of the device. I have provided the links below for you to download them. Micromax Canvas Plus Jio 4g Unroot MTK1064 MT6572 1. Copy paste the below files to your mobile phone. 2. Then just press and hold back keys and power key together while turn on your phone, you will see boot logo. 3. When boot logo appears, press and hold menu key as it appears in the bottom left corner, which will open up the menu. 4. From menu, make a choice of Recovery. 5. After that, the phone will now perform the upgrade after which you have to restart your phone and it will go back to home screen. After device boot, you can now go on setting in your tablet. For More details about how to "unroot" your device, you can read the link given below.

shooting SYDNEY — Police have arrested a man in connection with the murder of a 28-year-old city man whose body was found last week inside a trailer in the city's Riverside neighborhood. About 5 p.m. Friday, Rodney Roth, 23, was arrested by detectives. According to the arrest report, he is suspected of committing the crime. Roth was charged with murder, a felony, and arraigned before District Court Judge Elizabeth Carter. He is being held at the Wake County Jail without bond, according to a jail report. Wake County Sheriff's Department Detective David Pittman said Roth was wanted for questioning by the organization Street Bazaar, a social service agency. Roth was the owner of the mobile home, Pitt

Essentially, tab1 matches against tab2, but tab2 does not match against tab1. How do I do this? I tried to do a comparison (duplicate) and a third tab, but I do not know how to exclude the value that is the same in both tabs. Thank you!
