I am using the implementation below in order to attach a single document to my recycler view. I have found a similar question here where it is suggested that multiple items should be loaded at once and I agree with this approach. However, when it comes to actually doing it, I am not sure how to proceed. It seems like I am missing something here in order to load multiple items. This is my approach: public class RecyclerViewAdapter extends RecyclerView.Adapter{ private Context context; private ArrayList documents; private Uri imageUri; private OnItemClickListener onItemClickListener; public RecyclerViewAdapter

For me, this did the trick, and since my project is not based on CRReports10, I didn't have to do any library changes. The goals of this project are to understand the underlying pathogenetic mechanisms for polycythemia vera, essential throm 6d1f23a050
