This is done in a video editing software called Sony Vegas Pro 13. You can use Final Cut, iMovie, Vegas Pro 9... â€"
I know that. I don't know what all these words mean. - Well, OK. Let's just work with Sony-Vegas. â€" But you said
that I can use Adobe Premiere. - You can use both Premiere and Sony, but I can't say which is better. And, of
course, these programs are very different from each other, and you can use any of them. My point is that this is
only one program, and when you want to use Photoshop, you will use Photoshop.
